About Chandigarh

Chandigarh is the best-planned city in India with architecture, which is world-renowned and a quality of life, which is unparalleled. As the capital of the states of Punjab and Haryana, and the Union Territory of Chandigarh, it is a prestigious city. The face of modern India, Chandigarh is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed.

Serenity and a city are two diametrically opposite concepts, which however, get blended in the 'City Beautiful'. Chandigarh is a rare epitome of modernization co-existing with nature's preservation. It is here that the trees and plants are as much a part of the construction plans as the buildings and the roads. India's first planned city, Chandigarh is a rich, prosperous, spic and span, green city rightly called "THE CITY BEAUTIFUL".
